

# Rémi BRANJONNEAU

ENGINEERING STUDENT SEEKING A 4 - 6  
MONTH INTERNSHIP IN SOFTWARE  
ENGINEERING

## CONTACT

- +33 6 64 68 62 63
- remi.branjonneau@imt-atlantique.net
- Rémi Branjonneau
- Phegerr
- <https://remibranjonneau.netlify.app/en>

## SKILLS

- Application Development:** Java, Python, C++, C#, OCaml
- Web Development:** CSS, HTML, JavaScript, Node.js, SQL
- Collaborative Development:** Git, Github
- Game Development:** Godot, Unity, JavaScript
- 3D Modeling:** Blender
- Soft Skills:** Decision-making, open-mindedness, continuous learning, public speaking, crisis management

## LANGUAGES

French Native  
English C1  
Japanese A2  
Indonesian A1

## INTERESTS

- Sports:** Judo (black belt, 15 years of practice), university rugby (2 years)
- Recreational Activities:** Volleyball, rock climbing, surfing, sailing, hiking
- Video Games:** Passion for both competitive and leisure gaming, with a strong interest in game design and development.
- Travel:** Enthusiastic about exploring new cultures and diverse landscapes.

## EDUCATION

### Engineering Degree, Compute Science

*IMT Atlantique / 2022 - Present*

- First year:** Courses in statistics, management, physics, databases, and data analysis.
- Second year:** Advanced collaborative and software development, object-oriented programming, team programming, best practices, and open-source software.

### Semestre abroad in Indonesia

*ITS Surabaya / January 2024 - July 2024*

- Courses in the Departments of Informatics and Computer Engineering
- Game Programming and Game Design, Machine Learning, Computer Vision, and 3D Modeling.

### Preparatory Classes for Engineering Studies (CPGE)

*Lycée Georges Clémenceau - Reims / 2019 - 2022*

- Intensive coursework in informatics, physics, mathematics, and English
- Achieved equivalent to a Bachelor's degree

### Scientific High School Diploma

*Lycée Stéphane Hessel - Epernay / 2016 - 2019*

- Major in Engineering Sciences
- Graduated with high honors

## EXPERIENCE

### Sports Committee

- Contributed to the competition committee throughout the mandate year
- Organized the transportation of 200 students from Nantes and Brest to Alès
- Assisted in organizing the Atlanticup event, which brought together 700 students
- Conducted a comprehensive carbon footprint assessment of the event in collaboration with Oresys.

### Vineyard Worker and Press Operator

- Performed various vineyard tasks, including mowing, trellising, and crop treatment
- Managed grape pressing operations during the harvest season

### Warehouse Worker - One-month internship

- Main role as stock manager at Soufflet Vigne: organized the shop, welcomed customers, and handled labeling
- Assisted in warehouse operations
- Delivered goods to businesses using a medium-sized vehicle

### Humanitarian Activities

- Delivered school supplies to remote schools in the Philippines.
- Assisted in building essential facilities (toilets) on a remote island in Cambodia.
